## **Group Discussion Questions**

Below are some general discussion questions that will get students thinking about the production they've just seen!

1. In the play, electric blankets make the animals feel like home. What makes you feel at home?
2. The cows in the play felt like Farmer Brown didn't treat them with respect. What are ways you can show that you respect others?
3. In the play, the animals decide to go on strike. What does this mean? What other ways did they try to get to get Farmer Brown to give them they wanted? What ways do you use to get what you want?
4. What parts of the play reminded you of the book and the pictures in the book? What parts reminded you of a movie or TV show?
